To Whom It May Concern:

Related to the service, product quality, knowledge, and assistance provided by Mr. Raz Meliach and his team from InVision, we are proud to say that the coordination and planning that went into our new DVR system and 17-cameras was nothing short of excellent.

They were able to get us up and running in a very timely fashion and immediate training went forward so that we are able to work the system alone as quickly as possible monitoring our property.

Thank you, Raz and InVision for your help with our system up grade, and we look forward to our next phase in 2007-2008.

Kindest Regards.
